25X1A9a MEMORANDUM FOR: [REDACTED]
OL/Building Planning Staff

SUBJECT : Task Force Space Utilization

25X1A

1. Within the past four months, FE Division has established two task force elements to handle matters pertaining to the Indochina situation; i.e: Laos Task Force and [REDACTED] Task Force. Recently these two task forces were combined into the Indochina Operations Center which occupies approximately 900 square feet of floor space.

2. A basic requirement relative to the physical location of the IOC was that it be adjacent to or nearby the office of the Division Chief. Space was provided through a series of moves with the ultimate result being a reduction in the square footage available for all Division personnel.

3. It would appear that any future space requirements for newly created Task Force groups would have to be provided in addition to that currently occupied by this Division.
